<p>Please indicate the results of your assessment of potential mismatches between adjacent counties. Provide details for identified mismatches. If there are no mismatches, please indicate how this was determined.</p>	<p>There are dual county communities. Based on internal discussion and discussion with Iowa DNR the following was determined and was made: City of Moravia is located in both Appanoose and Monroe, most of the land area is in Appanoose so flood information will be shown on the Appanoose FIRMs. The City of Eddyville is in three counties including Mahaska and Wapello and the majority of the community falls in Wapello and therefore will be mapped there.</p>
<p>Please provide any FEMA-approved project-related decisions that directly affect the results shown on the study being submitted for independent review.</p>	
<p>Please itemize issues or concerns you wish to be known before the QR3 review begins.</p> <p>If your comments are extensive, please use the "Comments" section below or create a separate document to attach to this form.</p>
