NOTICE TO FLOOD INSURANCE STUDY USERS

Communities participating in the National Flood Insurance Program have established repositories of flood hazard data for floodplain management and flood insurance purposes. This Flood Insurance Study (FIS) may not contain all data available within the repository. It is advisable to contact the community repository for any additional data.

Part or all of this FIS may be revised and republished at any time. In addition, part of this FIS may be revised by the Letter of Map Revision process, which does not involve republication or redistribution of the FIS. It is, therefore, the responsibility of the user to consult with community officials and to check the community repository to obtain the most current FIS components.

Initial Countywide FIS Effective Date: June 16, 1993

First Revised Countywide FIS Date: June 5, 1997

Second Revised Countywide FIS Date: January 19, 2000

Third Revised Countywide FIS Date: April 15, 2002

Fourth Revised Countywide FIS Date: September 26, 2008

Fifth Revised Countywide FIS Date: August 18, 2014 to incorporate previously issued Letters of Map Revision and perform additional analysis of an approximately 1 mile stretch of new detailed study along Elm Creek.

Sixth Revised Countywide FIS Date: To be determined

This preliminary FIS report does not include unrevised Floodway Data Tables or unrevised Flood Profiles. These Floodway Data Tables and Flood Profiles will appear in the final FIS report.
